OUR VISION FOR YOUR FUTURE

Our FAA-certified Part 141 approved flight programs provide students with the skills and experience demanded by today's commercial aviation industry.

Our flight training programs are set in a structured environment to ensure the student receives the knowledge that is required to be a professional pilot. Our course curriculum has been created by both Cessna and Jeppesen and our specialized course instruction will help you get through the ratings in the least amount of time possible.

We take great pride in offering the largest fleet in the area, meticulously maintained aircraft, highly trained instructors, warm and comfortable housing accommodations, and a state of the art training facility.

TCFT can help you obtain any and all ratings you desire in less time and for far less money than anywhere else.

Benefits of Training in the United States

- ▶ The training you receive inside the United States is considered the best in the world – a significant advantage.
- ▶ The United States has far more aircraft and airports. Training in India is very limited which means it will take you years to earn the same thing that you can do here in months.
- ▶ Your DGCA License is not good outside of India and is very difficult to convert to any other country. A FAA Certificate is converted lot easier to other ICAO contracting states licenses. This means you will be able to use the licenses you earn in India and elsewhere.
- ▶ FAA Certificates DO NOT EXPIRE – If you have a FAA Certificate it is good for life. DGCA Licenses do expire.

Benefits of Training at TCFT.

- ▶ TCFT offers a state of the art facility with simulators, digital scheduling, classrooms, testing center, kitchen, student lobby, study areas, and a 8500 square foot maintenance hangar.
- ▶ The largest fleet of aircraft around. This means you will be able to fly everyday if you wish. No delays means faster training and less cost.
- ▶ We offer Cessna 152s, Cessna 172s, Cessna 172 G1000's, Piper Archers, Piper Senecas. These aircraft are in perfect condition and all are IFR certified with GPS.
- ▶ Each TCFT flight instructor has been trained to the highest standards. The average student to instructor ratio is 3-1
- ▶ Conveniently located between Orlando and Miami, Florida. Florida is considered to have the best weather for flying.

- ▶ Indian Restaurants and Indian Grocery Stores are all within reach of your student housing.
- ▶ TCFT offers free transportation to and from the airport and student housing.
- ▶ TCFT offers any and all ratings/licenses for far less than most other schools

Professional Pilot Program - India DGCA

Thank you for your interest in Treasure Coast Flight Training. We have many students from INDIA so you will feel right at home training here with us.

Training at TCFT is known to be among the best in the world and the skills you learn here with us will stay with you throughout your career as a professional pilot.

Treasure Coast Flight Training offers the largest fleet of aircraft in the area consisting of Cessna 152s, Cessna 172s, Cessna 172s with G1000, Piper Archers, Piper Arrows, Beech Duchess', and Piper Senecas. All of our aircraft panels are set up the exact same way so that if a plane is not available due to an inspection, you can move to another aircraft and not be delayed.

All Treasure Coast Flight Training courses follow the proven curriculum of the Cessna Pilot Center Training System and Jeppesen Flight Training. TCFT uses their step by step syllabus which is designed to meet all your countries requirements. Each TCFT flight instructor has been trained to the highest standards and has accrued an incredible amount hours of one on one instruction. When choosing TCFT, rest assured that you will receive the finest training possible and be given the opportunity to earn your ratings in the least amount of time and money possible.

Some other information you may want at this time.
